## Project Area Map

## Wilcox Road Detour During Roundabout Construction

June 27—September 2016

A detour will be in place during the construction of the roundabout at Wilcox Road and Riggins Road.

The detour route for southbound motorists will follow Tuttle Crossing Boulevard east to Britton Parkway, south to Hayden Run Road, and west to Wilcox Road. Northbound motorists will follow the detour route in the opposite direction.

Dear Neighbor,

A roadway project extending Riggins Road to connect Wilcox Road to Avery Road, will begin June 20, 2016 and be completed in June of 2017. This project includes drainage improvements, a shared use path, and street lighting.

In addition to the extension of Riggins Road, the project also includes the construction of a modern roundabout at Riggins Road and Wilcox Road. This work will take place beginning June 27, 2016 through September 2016.

Below is an estimated project schedule with work descriptions. All work is weather dependent:

- Site clearing begins during the week of June 20, 2016.
- Construction of a modern roundabout at Wilcox Road and Riggins Road will begin the week of June 27, 2016. Traffic will be detoured for this closure. Wilcox Road will reopen with a modern roundabout at the intersection of Riggins Road in September of 2016.
- Sanitary sewer installation west of Avery Road begins during the week of June 27, 2016.

The Franklin County Engineer's Office will supervise this project. Work will be performed by George J. Igel & Co., Inc. Funding is provided by Franklin County, Ohio Public Works Commission, City of Hilliard, City of Columbus, and private developers.

Thank you for your patience and understanding of our efforts to improve Riggins Road and the surrounding area. For updates or additional information, please call our office at (614) 525-3074 or visit our website at: [www.franklincountyengineer.org](http://www.franklincountyengineer.org) and follow us on Facebook and Twitter.

Sincerely,

**Dean C. Ringle, P.E., P.S.**
