

# Hilliard Division of Police

## Annual Use of Force Analysis 2024

February 4, 2025

Prepared by Jeff Pearson  
Professional Standards Administrator

**Michael Woods**  
Chief of Police

**This page intentionally left blank.**

## Executive Summary

The Hilliard Division of Police (HPD) is committed to protecting and enhancing the quality of life in the community through exceptional service while upholding the constitutional rights of all. This mission is carried out based on the fundamental values of integrity, commitment, cooperation, and professionalism. The Division holds each officer accountable for their part in supporting the mission and core values.

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Daily, officers are involved in numerous and varied interactions with the public and, when warranted, may be required to use objectively reasonable force to carry out their duties. The Division recognizes and respects the value of all human life and dignity without prejudice. Vesting officers with the authority to use objectively reasonable force to protect themselves and the public requires monitoring, evaluation, and a careful balancing of all interests.

The purpose of this Use of Force Analysis is to provide HPD information concerning officers' use of force and trends associated with these incidents. The analysis provides information on many factors including the subjects involved, officers, and environmental details. The document serves as a resource for HPD Command Staff and Division instructors for the development of training topics and lesson plans.

The report also serves to inform the community about the Division's use of force statistics, it holds the Division accountable for the actions of its officers and ensures transparency.

## **INTRODUCTION**

The Division's Use of Force policies were reviewed in 2024. The purpose of the review was to ensure the policies meet the guidelines established by the Ohio Collaborative Law Enforcement Agency Certification (OCLEAC), the policies meet federal and state laws, the policies are in line with law enforcement best practices, and the policies are consistent with the Division's mission and core values.

*HPD Policy 300 - Use of Force* governs officer's use of force and provides guidelines to ensure officers only use the degree of force that is objectively reasonable to effectively bring an incident under control while protecting the safety of the officer and others. Officers are permitted to use force to:

1. Protect the officer, the individual, or others from immediate physical harm,
2. Restrain or subdue an individual who is actively resisting or evading arrest, or
3. Bring an unlawful situation safely and effectively under control.

Officers are required to report the use of force when a subject's actions or threatened actions require the officer to respond with a control tactic or weapon. Actions by officers such as handcuffing, searching, and escorting compliant subjects generally are not considered a reportable use of force unless an injury or complaint of injury occurs.

Reportable use of force incidents is outlined in Policy 300, but commonly includes officer actions such as:

1. Physical control tactics such as pressure point control, takedowns, joint manipulation, kicks and strikes.
2. Chemical aerosol use
3. Taser deployment
4. Impact weapon use
5. Specialty impact munitions (beanbag round)
6. Deadly force

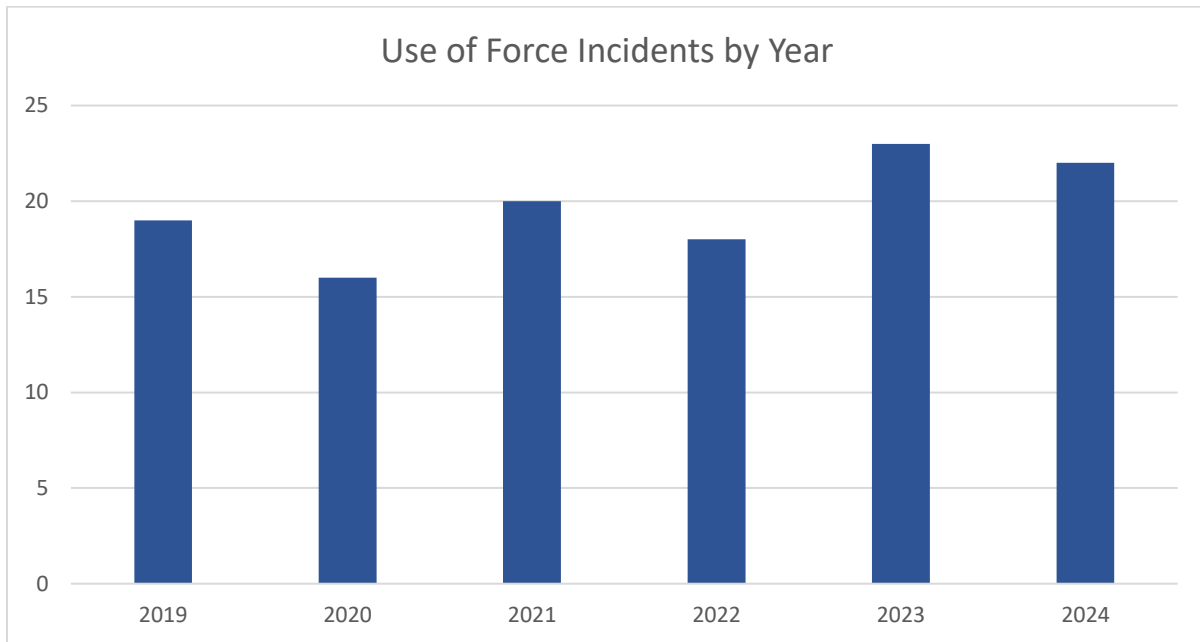

The on-duty supervisor investigates all incidents of force. The supervisor forwards the reports and findings to the respective Bureau Commander for a chain of command review and approval.

This analysis reviews all 2024 use of force incidents and analyzes use of force data from 2019 – 2024.

## **USE OF FORCE FREQUENCY**

In 2024, there were 22 reported use of force incidents, one less than 2023.

For the years 2019 – 2023, there were 96 reported use of force incidents, which equates to an average of approximately 19.2 use of force incidents per year. Based on this information, 2024 was above the five-year annual average of use of force incidents.

### **Use of Force per Arrest**

The rate of force incidents can be shown in relation to the number of arrests.

Based on the ratio of force incidents per arrest, for the years 2019 – 2023 the Division experienced approximately two force incidents per 100 arrests. In 2024, the use of force rate per 100 arrest was 2.65.

	2019	2020	2021	2022	2023	2024
Force Incidents	19	16	20	18	23	22
Number of Arrest*	932	708	705	875	1037	828
Use of force per 100 Arrests	2.04	2.25	2.83	2.06	2.22	2.65

\*Data pulled from Division Records Management System includes total number of arrest not total charges.

### Juvenile Use of Force Data

In 2024, six use of force incidents involved juveniles. The Division added this category to this report to be in compliance with Ohio Collaborative Standards – *Positive Youth Interactions*. This number is consistent with 2023 juvenile use of force incidents.

Race and Sex	2023	2024
White/Male	2	3
White/Female	2	0
Black/Male	1	2
Black/Female	1	1

### REASON FOR CONTACT

While any citizen-police contact has the potential for escalating into a use of force incident, understanding situations that have an increased likelihood of officers being involved in a use of force is important for developing tactics and training to minimize the risk presented in these situations. For this report, although a situation may fall in one or more “Reason for Contact” categories, the data collected focused on the primary reason for the initial call for service (CFS) or contact.

The data illustrates that CFS involving suicidal subjects and/or emotionally disturbed person(s), both which involve people in a mental health crisis are the most frequent type of call involving force. This is followed by domestic violence and disturbance incidents.

Reason for Contact	2019	2020	2021	2022	2023	2024	Total	Percent
Domestic Violence	2	3	2	1	2	4	14	12%
Disturbance	3	0	4	0	2	5	14	12%
Suicidal Subject	3	1	3	3	3	2	15	13%
Investigatory Stop	2	1	1	2	1	2	9	8%
Emotional Disturbed Person	2	1	3	2	3	1	12	10%
Disorderly Conduct/Intoxication	2	2	1	3	1	0	9	8%
Fail to Comply/Obstructing	0	0	0	0	0	0	0	0%
OVI arrest	1	1	3	2	1	0	8	7%
Medical Incident	0	0	0	0	1	0	1	1%

<b>Total</b>	<b>19</b>	<b>16</b>	<b>20</b>	<b>18</b>	<b>23</b>	<b>22</b>	<b>118</b>	<b>100%</b>

## **USE OF FORCE ACTIONS**

A use of force incident is made up of the subject's actions, an officer's response to resistance and special circumstances involved in the incident. This report dissects these aspects of a use of force incident in order to get a better understanding of the threats faced by officers, and the effectiveness of the officer's response.

### **Subject Actions**

When looking at the subject's actions, a subject may exhibit one or more action throughout the incident. Officers are required to list the subject's actions that contributed to the use of force. The data shows that the majority of use of force incidents begin when a subject fails to comply with an officer's instructions.

SUBJECTS ACTIONS/THREATENED	2019	2020	2021	2022	2023	2024	Total	%
No Response to Verbal Commands	18	16	20	15	21	22	112	95%
Verbal / Physical Danger Cues	10	14	16	12	21	15	88	75%
Physically Refusing to Comply	15	14	19	15	17	20	100	85%
Dead Weight / Refusing to Move	6	3	10	6	6	9	40	34%
Fleeing / Attempting to Flee	7	6	4	6	9	11	43	36%
Pushing / Wrestling	6	5	11	8	12	5	47	40%
Striking / Kicking / Biting	7	4	7	6	7	3	34	29%
Use of Weapon(s)	0	1	0	0	1	0	2	2%
Other	2	0	1	1	2	0	6	5%
Serious Physical Harm Assault	0	1	0	0	0	1	2	2%
Rendering Officer Defenseless	0	0	0	0	0	0	0	0%
Causing Self Harm	1	0	1	2	2	1	7	6%

\*The percentage is based on the sum of force incidents from 2019 – 2024 which is 118.

## Officer Response

Use of force data includes both the primary and secondary officers' responses. In addition, some incidents reflect more than one force application, as an officer may have to progress from one force option to another based on the actions of the subject or effectiveness of the force being applied.

By far, joint manipulation and take downs are the most common applications of force employed by officers.

OFFICER'S RESPONSE	2019	2020	2021	2022	2023	2024	Total	%
Joint Manipulation	11	9	13	13	11	10	67	57%
Take Down	12	11	12	11	17	17	80	68%
Pressure Point	0	0	2	1	1	2	6	5%
Taser	1	2	4	0	3	0	10	8%
Striking / Punching / Kicking	1	2	3	1	1	2	10	8%
Physically Restraining	0	1	0	0	0	0	1	1%
Chemical Aerosol Use	0	1	2	0	1	0	4	3%
K-9	0	0	0	0	0	0	0	0%
SIM (bean bag)	0	0	0	0	0	0	0	0%
Pushing / Wrestling	0	0	0	0	0	0	0	0%
Baton Strikes	0	0	0	0	0	0	0	0%
Vehicle strike	1	0	0	0	0	0	1	1%
Other	0	1	0	0	0	2	3	3%
Deadly Force	0	0	0	0	0	0	0	0%

\*The percentage is based on the sum of force incidents from 2019 – 2024 which is 118.

## Canine (K9) Deployment

The Division has three K9 teams. Each team consists of an officer and a certified law enforcement canine.

In 2024, K9 teams recorded 354 patrol deployments. Deployments are defined as the use of the K9 in a law enforcement function. No bite incidents were recorded in 2024. For the years 2019 – 2024, there were no reported K9 bites.

### Conductive Energy Weapons (CEW)

The Division equips officers with a CEW for the purposes of controlling violent or potentially violent subjects, with the goal of taking a subject into custody while minimizing injury to officers and subjects. The CEW used by the Division is Taser®.

In 2024, officers did not deploy a Taser® during a use of force incident (note: for the purpose of this report, deployment of a Taser means firing the Taser® for the purpose of gaining compliance). For years 2019 – 2024, officers deployed a Taser® in ten use of force incidents. This equates to approximately 8% of total use of force incidents during that timeframe.

In addition to tracking the deployment of Tasers®, the Division tracks when officers display their Taser®, the manner in which it was displayed, and the result. In 2024 officers reported displaying their Taser® fourteen (14) times, resulting in a compliance rate of 71%. This means that officers were able to gain compliance in 71% of these cases without having to resort to the use of force.

### How Initial Call Received

The Division tracks how the initial call for service was received that eventually ended with the use of force. Approximately 70% of use of force incidents begin with an officer(s) being dispatched on a CFS.

How Received	2019	2020	2021	2022	2023	2024	Total	%
Self-initiated	2	5	4	6	9	9	35	30%
Dispatched	17	11	16	12	14	13	83	70%
<b>Total</b>	<b>19</b>	<b>16</b>	<b>20</b>	<b>18</b>	<b>23</b>	<b>22</b>	<b>118</b>	<b>100%</b>

The percentage is based on the sum of force incidents from 2019 – 2024 which is 118.

### Location of Incident

The Division tracks the general type of location of use of force incidents. The majority of these incidents occurred at a residence.

LOCATION	2019	2020	2021	2022	2023	2024	Total	%
School	3	0	4	3	3	3	16	14%
Commercial	2	3	2	5	9	6	27	23%
Residential	7	8	6	6	6	8	41	35%
Roadway	6	3	6	1	3	5	24	20%
Other	1	2	2	3	2	0	10	8%
<b>Total</b>	<b>19</b>	<b>16</b>	<b>20</b>	<b>18</b>	<b>23</b>	<b>22</b>	<b>118</b>	<b>100%</b>

The percentage is based on the sum of force incidents from 2019 – 2024 which is 118.

### Special Circumstances

Special circumstances are subject/officer factors that are considered when determining the “objectively reasonable” standard for a use of force. One or more special circumstances may be present in an incident. For the years 2019 – 2024, approximately 45% of the subjects were under the influence of some type of alcohol/drugs, and approximately 32% of force incidents involved subjects suffering from some type of mental health crisis.

SPECIAL CIRCUMSTANCES	2019	2020	2021	2022	2023	2024	Total	%
Suspected Alcohol / Drug Use	10	10	10	7	5	11	53	45%
Suspected Mental Health Issues	10	3	7	6	9	3	38	32%
Special Knowledge of Suspect	6	3	6	6	11	4	36	31%
Closeness of Weapon	2	5	6	8	8	5	34	29%
Lack of other Options	1	0	0	0	0	0	1	1%
Multiple Suspects	0	3	1	4	4	6	18	15%
Officer on Ground	4	5	3	4	6	6	28	24%
Suspected / Wanted Felon	1	3	0	1	5	2	12	10%
Other	2	5	1	4	1	3	16	14%
Officer Injured or Exhausted	0	0	0	0	1	2	3	3%

The percentage is based on the sum of force incidents from 2019 – 2024 which is 118.

### Number of Officers Involved

The majority of force incidents involve more than one officer, with two officers involved accounting for 34% percent of use of force incidents for the years 2019 – 2024.

Number Officers Involved	2019	2020	2021	2022	2023	2024	Total	%
One Officer	9	2	4	7	9	5	36	31%
Two Officers	6	9	3	6	11	5	40	34%
Three Officers	2	2	2	3	0	8	17	14%
Four Officers	2	1	3	0	2	3	11	9%
Five Officers	0	2	8	2	1	1	14	12%
<b>Total</b>	<b>19</b>	<b>16</b>	<b>20</b>	<b>18</b>	<b>23</b>	<b>22</b>	<b>118</b>	<b>100%</b>

The percentage is based on the sum of force incidents from 2019 – 2024 which is 118.

### Duty Status

For the years 2019 – 2024, 92% of use of force incidents occurred when an officer was on duty and in uniform. Only five incidents occurred with a plain clothes officer. In 2024, one special duty officer was involved in the use of force.

DUTY STATUS	2019	2020	2021	2022	2023	2024	Total	%
On Duty - Uniform	19	15	19	17	18	21	109	92%
On Duty - Plain Clothes	0	1	1	1	2	0	5	4%
Off Duty	0	0	0	0	0	0	0	0%
Special Duty	0	0	0	0	3	1	4	3%
<b>Total</b>	<b>19</b>	<b>16</b>	<b>20</b>	<b>18</b>	<b>23</b>	<b>22</b>	<b>109</b>	<b>100%</b>

The percentage is based on the sum of force incidents from 2019 – 2024 which is 118.

### OFFICER AND SUBJECT INJURIES

#### Officer Injuries

In 2024, five officers reported being injured during a use of force incident. A review of the injuries reported in 2024 indicates the injuries consisted of cuts, contusions, abrasions, lacerations, and blood exposure. For the years 2019 – 2024, 25% of force incidents resulted in an officer being injured.

#### Subject Injuries

In 2024, eight subjects were injured during a use of force incident. A review of injuries reported in 2024 indicates the injuries consisted of contusions, swelling, cuts, and abrasions. For the years 2019 – 2024, 34% of use of force incidents resulted in an injury to the subject.

INJURIES	2019	2020	2021	2022	2023	2024	Total	Percent
Officer Injuries	2	3	7	4	8	5	29	25%
Subject Injuries	9	7	8	3	8	5	40	34%

The percentage is based on the sum of force incidents from 2019 – 2024 which is 118.

## **USE OF FORCE REVIEW**

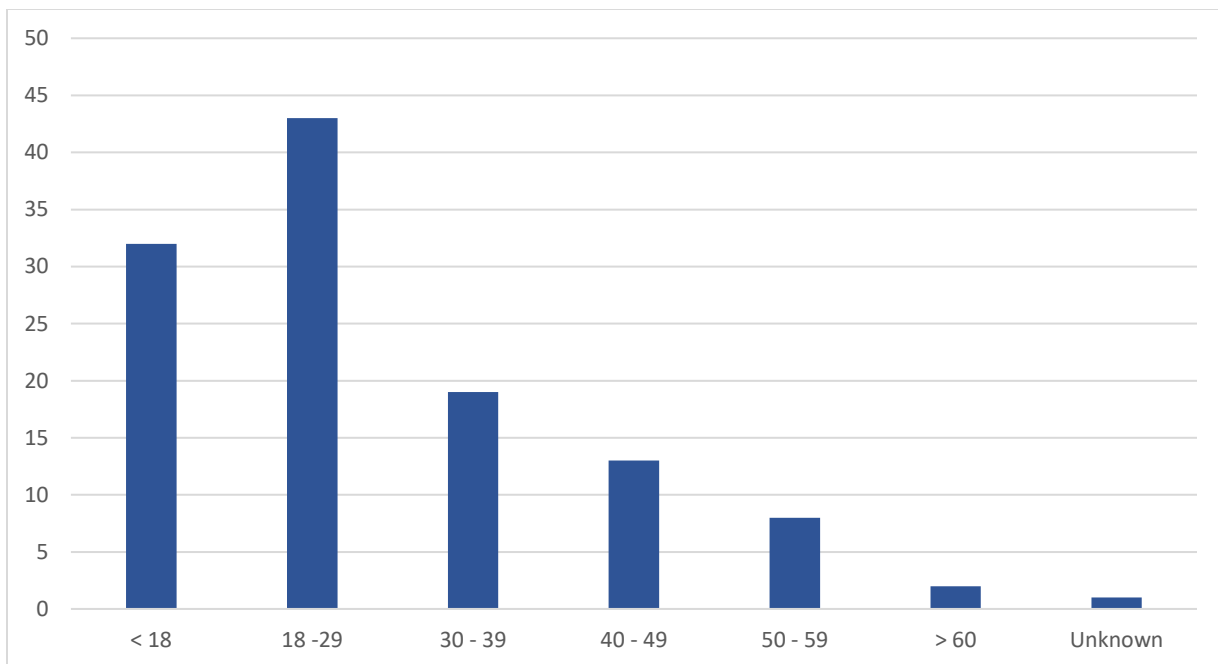

Use of force incidents are investigated by the on-duty supervisor and forwarded to the respective Bureau Commander for a chain of command review. For the years 2019 – 2024, only one use of force incident was found to be out of compliance with Division policy and procedures.

<b>COMPLIANCE</b>	<b>2019</b>	<b>2020</b>	<b>2021</b>	<b>2022</b>	<b>2023</b>	<b>2024</b>	<b>Total</b>	<b>%</b>
<b>In Compliance</b>	18	16	20	18	23	22	<b>117</b>	<b>99%</b>
<b>Not in Compliance</b>	1	0	0	0	0	0	<b>1</b>	<b>1%</b>
<b>Total</b>	<b>19</b>	<b>16</b>	<b>20</b>	<b>18</b>	<b>23</b>	<b>220</b>	<b>118</b>	<b>100%</b>

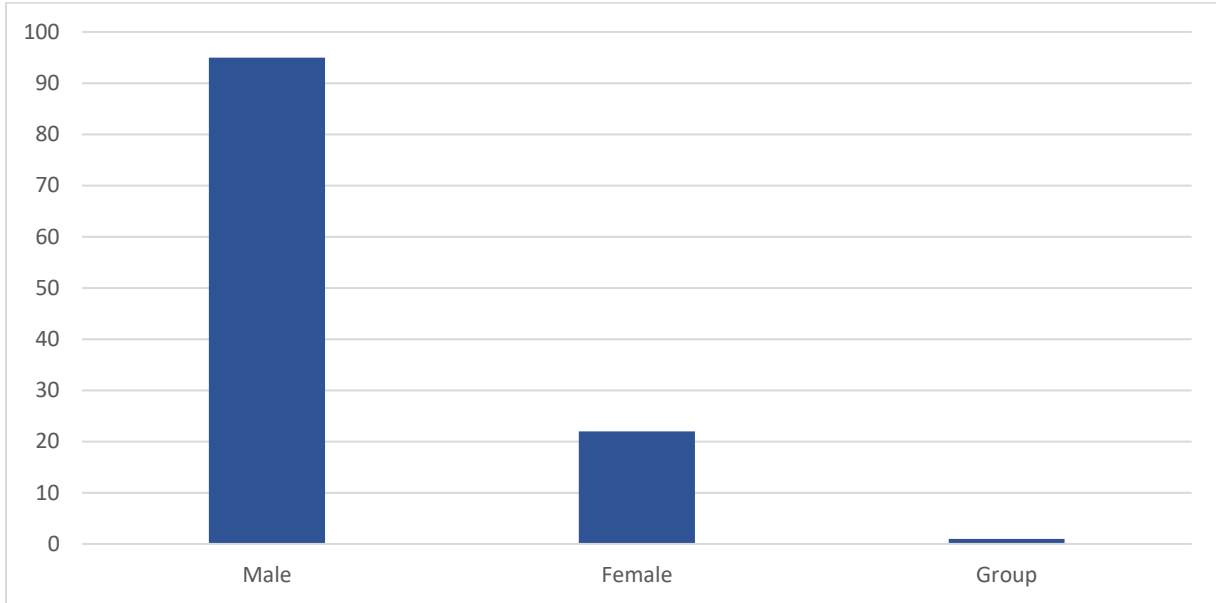

## **SUBJECT DEMOGRAPHICS**

Demographics data for 2019 – 2024 use of force incidents include subject age, gender, and race.

### **Subject Age**

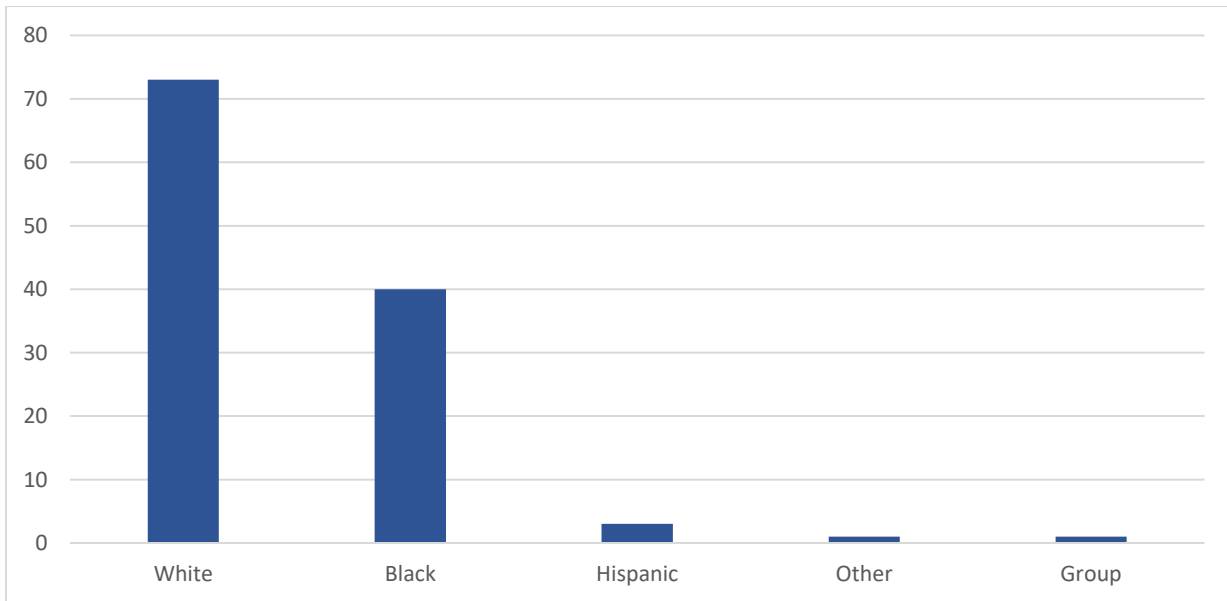

### Subject Gender

Note: Group involved incident with multiple people

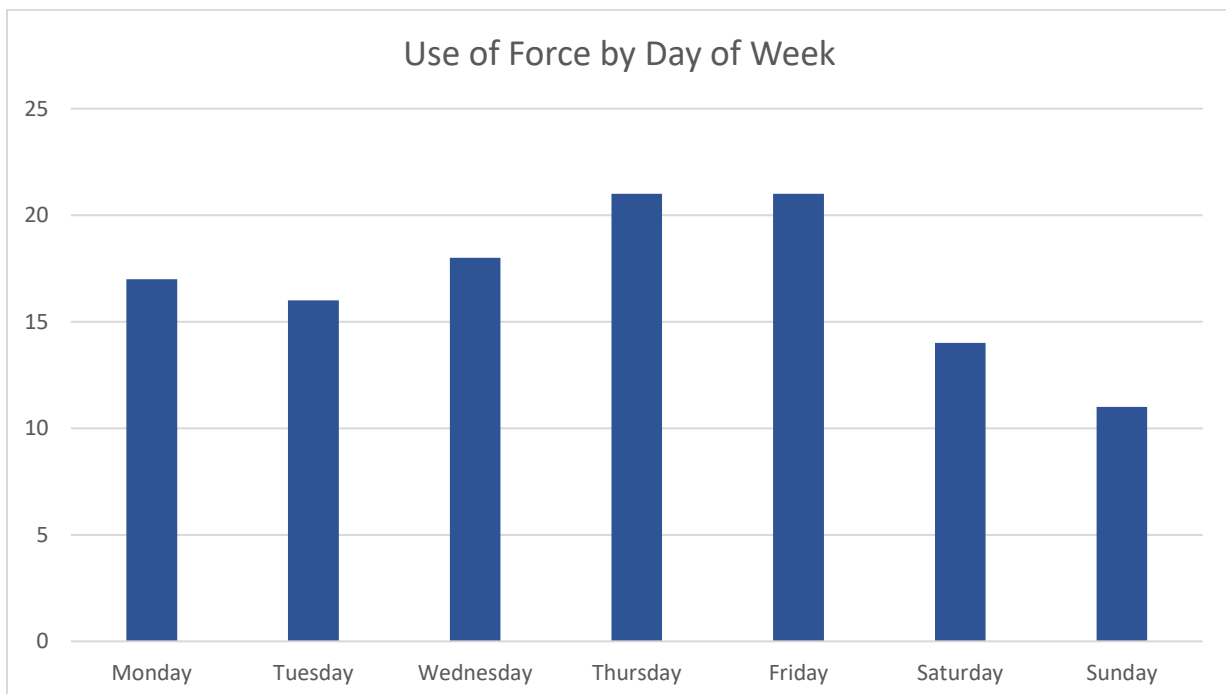

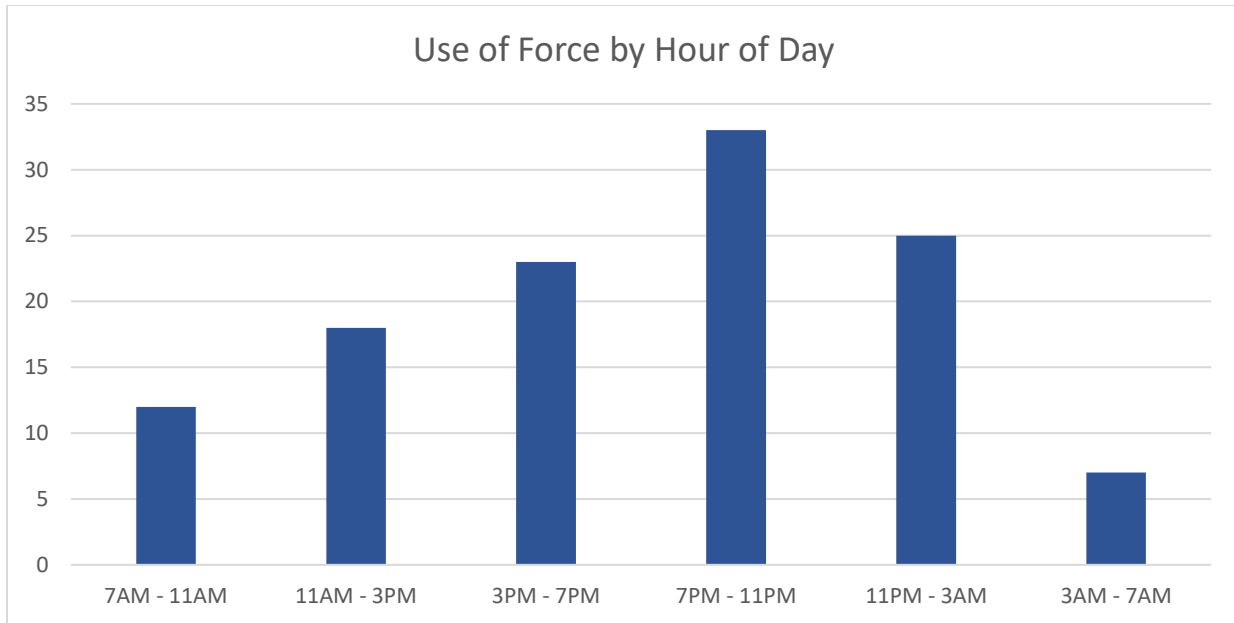

### Subject Race

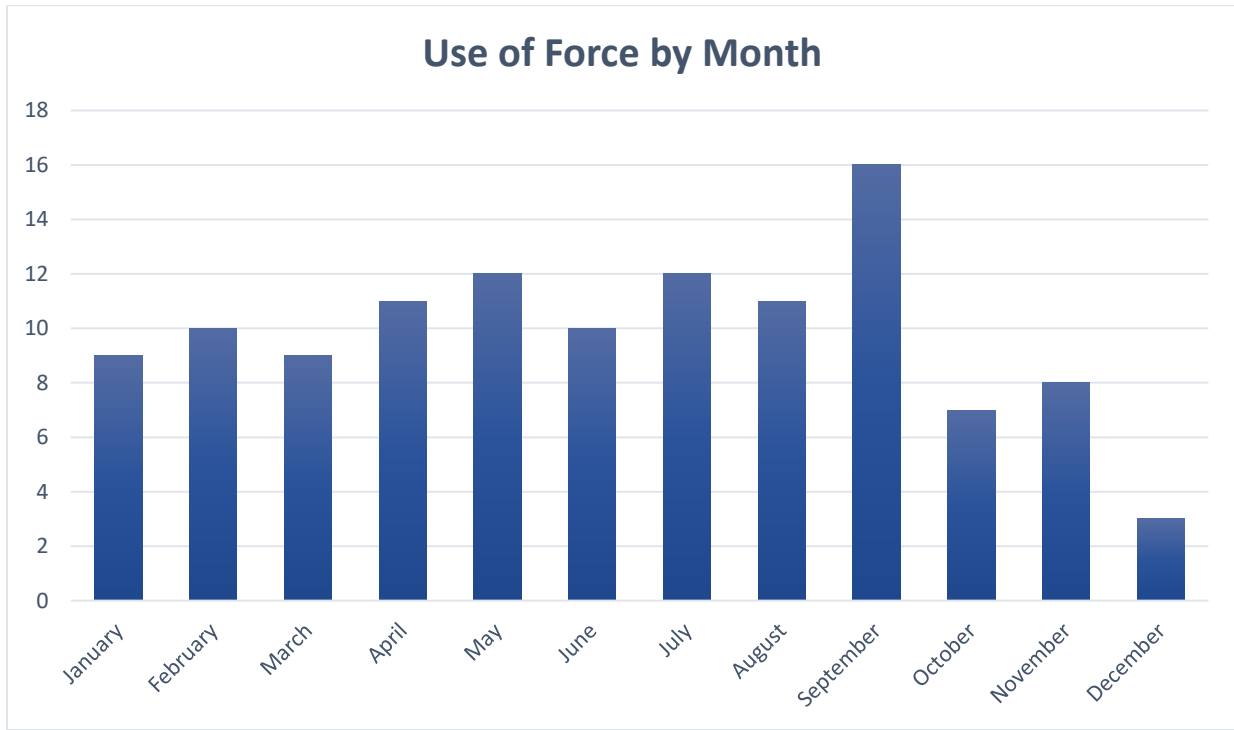

Note: Group involved incident with multiple people

**USE OF FORCE MONTH/DAY/TIME**

A use of force incident may occur at any time of the year, day of the week or time of the day. This data is included in the analysis to ensure the Division is adequately staffed when there is an increased likelihood of a use of force incident taking place. With the relatively low number of force incidents reported each year, coupled with current staffing levels, there is no discernable pattern that warrants staffing changes; however, the data shows that for the years 2019 – 2024, the majority of force incidents occurred between the hours of 7:00 p.m. and 3:00 a.m.

## **MAIN FINDINGS AND TRENDS**

Use of force incidents make up a small percentage of police interaction with the public. While officers have thousands of citizen contacts each year, an unfortunate subset of those contacts results in officers having to resort to force to accomplish a lawful objective.

Findings from this analysis include:

- Calls for Service involving people in emotional crisis are calls with a higher probability for the use of force.
- The majority of force incidents involve subjects under the influence of alcohol/drugs and/or subjects suffering from an emotional/mental issue.
- The majority of force incidents involve officers performing joint manipulation tactics and takedowns which are indicative of officers using a lower level of force to accomplish lawful objectives.
- Use of force incidents per 100 arrests has remained relatively the same over a five-year period.
- The use of the Taser© only accounts for a small percentage of force incidents.
- Police Canines were not involved in the use of force in the last five years.
- Deadly force has not been used by the Division in the last five years.
- While a force incident may occur at any time, the data shows the highest likelihood is between the hours of 7:00 p.m. and 3:00 a.m.
- Administrative measures are in place to ensure policies are up to date, officers receive the proper training, and all use of force incidents are subject to a chain of command review.

## **RECOMMENDATIONS**

One of the purposes of this analysis is to identify the use of force trends for employing risk reduction tactics, minimize injuries, establish training objectives, and reduce liability.

Recommendations include:

1. Continue training all officers in Critical Incident Training (CIT). The focus of this training is dealing with people suffering from emotional issues.

2. Continue use of force training (in-service/roll call) to include scenario-based training and de-escalation techniques.
3. Ensure defensive tactics lesson plans include joint manipulation and takedowns. The lesson plans should also include multiple officer responses, and scenarios involving people in emotional distress.
4. Ensure or re-enforce the practice of multiple officers assigned to CFS involving subjects suspected of being under the influence of alcohol/drugs, and subjects suspected of suffering from emotional/mental issues.
5. Ensure or re-enforce the practice of multiple officers assigned to CFS known to present a higher probability of turning into a force incident.
6. Ensure legal updates include areas of use of force cases.
